Industrial Thermostats
PTSC - 090C

Features

- Screw terminals for un-loosing
- Special design for installing on a DIN rail inside a control cabinet
- 20A/250V

Applications

- Control Cabinet
- Fan Control Unit
- Space Heater

Specification

Model	Temp. Range	Accuracy
PTSC-090C	0℃ ~ 90℃	±4℃
PTSC-050C	0℃ ~ 50℃	±3℃

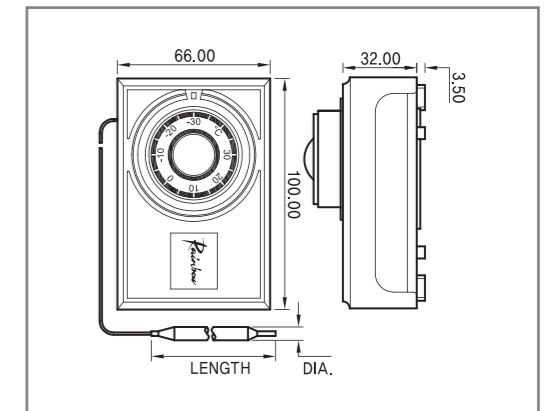

Industrial Thermostats
LTS - 030S

Features

- Suitable for surface mounting
- Control with change-over switch
- Capillary : 1,000 mm
- 20A/250V

Applications

- Cold Storage
- Aquariums
- Commercial Refrigerators

Specification

Model	Temp. Range	Accuracy	Bulb
LTS-030S	-30℃ ~ 30℃	±3	5.8 Ø ×125mm

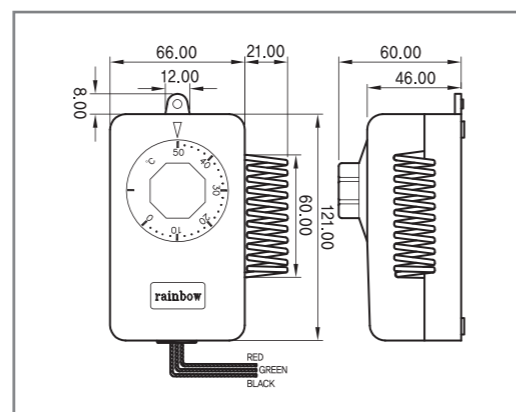

Industrial Thermostats
ITS - 050L

Features

- 150mm lead wire provided for out-put connection
- Multi-function plastic housing
- One control for heating and / or cooling
- 20A/250V

Applications

- Fan Heater (Ventilation)
- Warehouses
- Garages

Specification

Model	Temp. Range	Accuracy
ITS-050L	0℃ ~ 50℃	±4

Industrial Thermostats
VTS - 090CW

Features

- Control knob with temperature indication
- For immersion with control bulb in brass pocket fitted directly on the housing
- Widely applied for circulating pumps
- 20A/250V

Applications

- Electric Water Heater
- Solar Water Heater
- Boiler

Specification

Model	Temp. Range	Accuracy
VTS-090CW	0℃ ~ 90℃	±4℃
VTS-120CW	0℃ ~ 120℃	±4℃
